

CASE STUDY

YOUR CRITICAL LIFT EXPERTS

Water Treatment Company

INDUSTRY: **Waste**
APPLICATION: **Waste Water Treatment**
PRODUCT: **Electric Chain Hoist**
SERVICES: **Installation, Quality and Load Testing**

THE CHALLENGE

To safely move chlorine tanks in and out of a building.

THE SOLUTION

American Crane supplied, installed and tested a 2 ton electric chain hoist.

THE RESULT

This 2 ton hoist enabled chlorine tanks to be taken off the supplier's truck and into a building where the tanks are used to help chlorinate the water system. Later the tanks are removed and placed in storage.
